Greta Garbo at Home with Art:
A Tour of her Art Collection
with Jan-Eric and Mari-Anne Askenstrom

You're welcome to join Mari Anne and Jan Eric Askenstrom for a look at Greta Garbo's art collection at her home of 37 years on East 52nd Street; a home where very few people ever came over the doorstep and even fewer were admitted into the huge living room, decorated with art from floor to ceiling, by Garbo herself. Mari Anne and Jan Eric will also tell about the origin of some of the pieces in the collection and about Garbo as an art collector.

RSVP: MondayNightattheMasters@gmail.com or sign up at the Front Desk.

RSVPs by April 15th would be appreciated.

Refreshments will be served.
